Week 9, Term 2

Message from the Principal

Kia orana

This week we will continue to focus on the purpose of being at Tereora College and what this looks

like inside and outside of the classroom. Learning is an important facet of any school and sometimes more importantly, the way in which learning occurs and the purpose for this. Susan Williams (Deputy Head Girl) delivered a powerful message on this during Friday's assembly.

*Kia Toa e Kia Manuia,
Mrs Tania Morgan

Professional Support Given for Pa Enua English Programmes

This week Mrs Linda Dun will be travelling to the Pa Enua to support the English programmes that are currently running within Mangaia school. As the English faculty at Tereora College continue to develop their capacity and respond to the learners in front of them, Linda will be taking this model to Mangaia school and will be working closely with Anaseini Pokino.

Level 3 Media Class off to NZ

Our level three Media Studies class has been invited to present a workshop at the New Zealand Council for Educational Research's Games for Learning Conference. The New Zealand Council for Educational Research is New Zealand's major academic organisation for research in education. It is nationally and internationally recognised as a leader in its field. During the conference, the council is bringing together educators, researchers, and industry professionals to discuss the growing interest in the power of digital technology in education. The College is proud of the students and staff members who have put themselves forward as they will be paving the way for future educational opportunities for the College.
